Issue:

Jamie Taylor cannot access the Employees shared folder required for daily work.

Environment: DC01 (domain controller) and CLIENT01 (Windows client)

1. Issue Description

Jamie cannot access the Employees shared folder required for daily work.

2. Environment

- User account: AKLAB\jamie.taylor
- Shared resource: \\DC01\CompanyShare\Employees

3. Investigation

- **Test 1: Searching for the folders in the address bar.**

The message pops up:

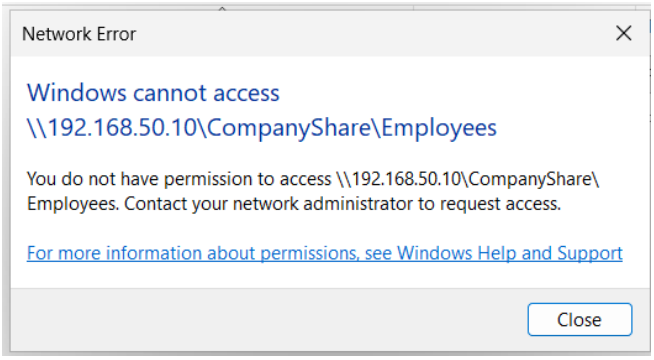

Figure 1: Showing Access Denied

- **Test 2: Checking if the group policy is applied using cmd.**

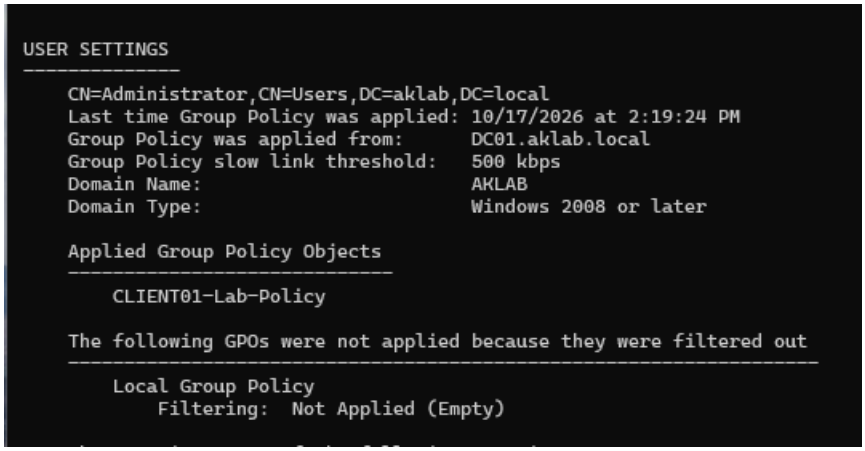

Figure 2: CLIENT01-Lab-Policy is listed under the Applied Group Policy Objects.

- **Test 3: Checking the permissions and configuring them.**

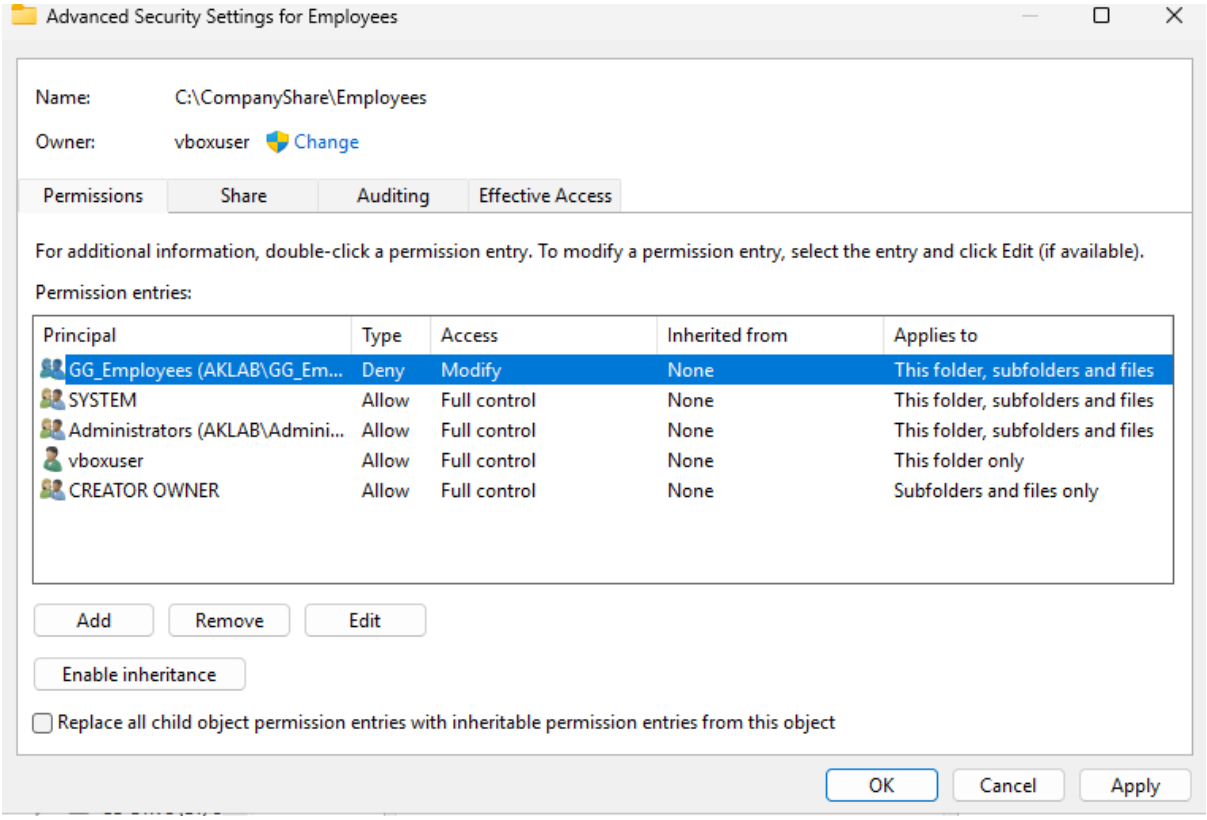

Figure 3: The GG_Employees are denied to access the folder.

4. Root Cause

As mentioned above, for the whole group GG_Employees, the permission is set to deny, which is the reason why Jamie is also not able to access the folder.

5. Resolution

Resetting the permissions to allow:

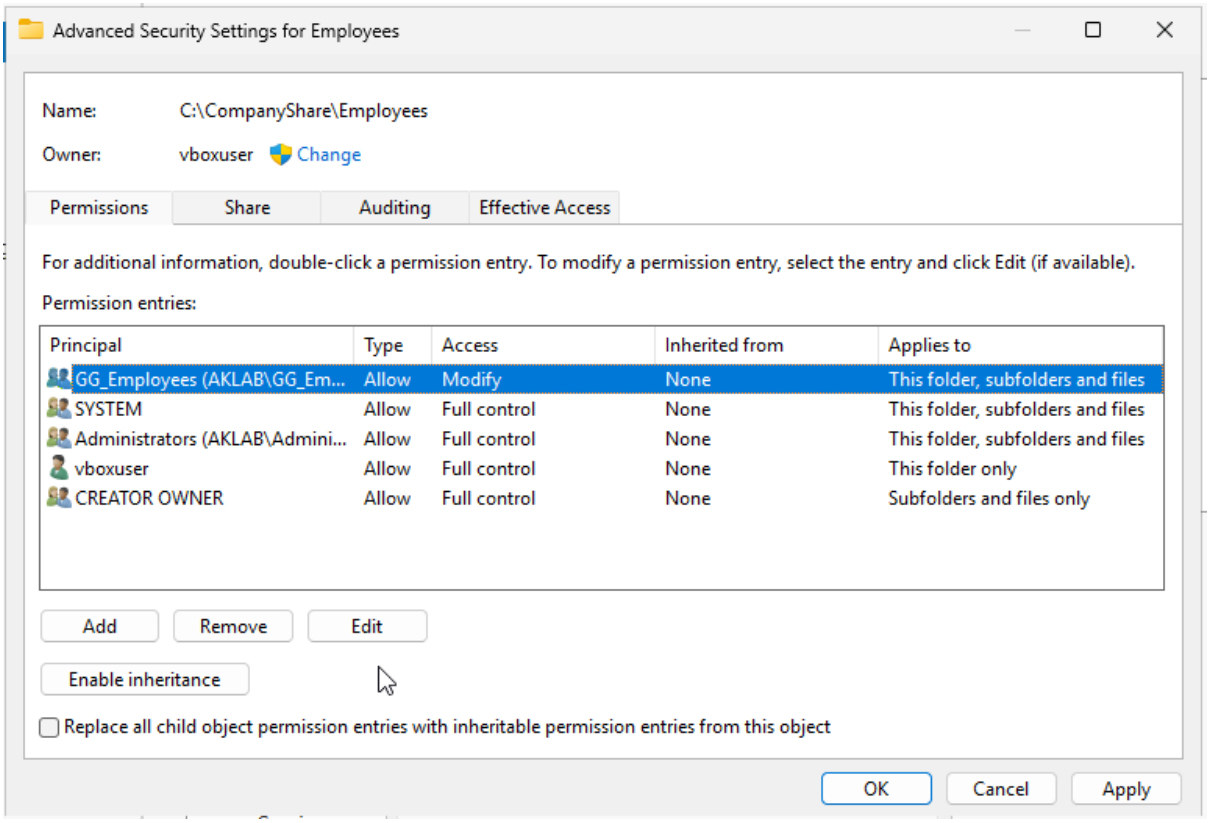

Figure 4: The permissions have been reset.

6. Validation

Verifying by connecting to Jamie's desktop remotely:

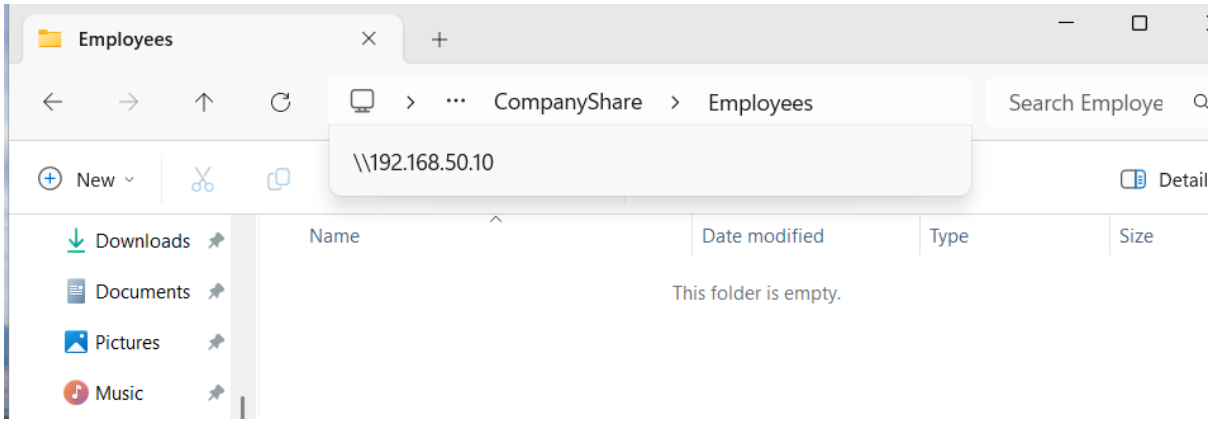

Figure 5: The folder can now be accessed.
